

## **HOLISTIC DEVELOPMENT**

In the current era, the students must know about their inner strength. We believe the students need not only develop academically but also to develop the ability to survive in the modern world. The aim of holistic learning is to connect the mind, body, and spirit. It is about the development of healthy and positive relationships with their friends and family as well as social development, intellectual development, acquire leadership skills, become globally-minded and improve their emotional health.

- Development of the abilities to learn from information and experience – this involves learning from data and information; learning from doing an activity, etc.
- Development of abstract thinking abilities – understanding and thinking about concepts, ideas, principles, and objects which are non-verbal or not physically present.
- Development of comprehension abilities – ability to understand and comprehend written and verbal information.
- Development of logical and analytical thinking abilities – analyzing reasons behind events and situations, understanding the causes behind an event or situation, etc.
- Development of critical thinking abilities – examining concepts, ideas, problems, and issues, etc.
- Development of creative thinking abilities – thinking of newer ways to solve problems; visualization; thinking of new ideas; etc.
- Development of problem-solving abilities – solving problems utilizing various concepts, solutions, etc.

Holistic developments are carried out by a few main sections:

**Transparency:** The operation and work flow of the institution is according to the rules laid out by AWES in the blue book. We have rule books and operational manuals for all activities. The staff and students are obliged to follow the code of conduct set by the institution. Discipline and punctuality are two virtues of our institution.

**Infrastructure:** The institution ensures comfort with utmost importance for the resources provided. Smart board equipped classrooms, Wi-Fi enabled hostel and institutions are in place. A well equipped library along with e-books are silver lining. The hostel is soon to be equipped with a compact reading space too. A well equipped gym and basketball, football, cricket and badminton courts are maintained because ' a sound mind in a sound body". A wonderful lung space, with fruit trees and flowering shrubs has been maintained for the students to unwind after a long day at the college. This has helped students in living in a safe and serene environment - a home away from home.

**Placements:** Our institution proudly places all the students into the best possible work environments with companies like PUMA, Best Sellers and Reliance being our campus partners. The Institute also guides budding entrepreneurs and freelancers by giving them the benefit of the contacts built by the faculty and thereby giving them that extra push for success.
